M E M O R A N D U M

DATE: June 6, 2022

TO: The Natural and Cultural Assets Mapping Committee

FROM: Tammy Mayer Rosario, Assistant Director of Community Development

SUBJECT: Meeting #4 – Review of Network Connectivity Map and Potential Strategies for Implementation

---

We are looking forward to seeing you in person for our committee meeting on **Monday, June 6 from 9:00 a.m. to 12:00 p.m. in the Building D Conference Room at the County Government Complex, 101 Mounts Bay Road**. As always, our meetings are open to the public. If any of you need special accommodations to participate, please let me know as do need to have a quorum present in person. While we will have a remote option for anyone who has a medical or personal reason, please note that our work looking at maps of the connections for creating a connected landscape will be easiest in person.

The meeting's purpose is to review the proposed network connectivity map for priority natural and cultural assets and potential strategies for the implementation plan. The attached agenda provides more details. The updated assets maps are completed and also will be shared.

Also attached are the draft strategies, to which we can add new ideas proposed at the meeting. For any new strategies, we will also need to identify who will do the work. This document is a starting place for us. The appendix to the strategy document lists all of the relevant goals and objectives from the Comprehensive Plan as a handy reminder as to the goals the County currently endorses.

Last on our agenda are next steps and preparation for the open house on June 29, 2022. Attached is a flyer that we hope you can use to help spread the word.

Thank you in advance for your time!

Attachments:
1. Agenda
